

Material Safety Data Sheet according to EEC-Regulation 91/155/EEC	
Product:	<b>Hydrophilic PES Membrane</b>
Issue Date:	May 1, 2019

### 1. Identification of the substance / preparation and of the company / undertaking

Name of product: Hydrophilic PES Membrane

Company: TPP Techno Plastic Products AG  
Zollstrasse 7  
8219 Trasadingen  
Switzerland  
Tel. +41 (52) 687 01 87  
Fax +41 (52) 687 01 77  
E-mail address: info@tpp.ch

### 2. Composition / information on ingredients

Chemical name: Hydrophilic PES Membrane  
Contains no substance classified as hazardous in concentrations, which should be taken into account according to EC directives.

### 3. Hazard identification

No hazards to our knowledge, this product does not present any particular risk, provided it is handled in accordance with good safety practice.

### 4. First-aid measures

Route of exposure:

Inhalation: Not anticipated under recommended usage conditions.  
After inhalation of decomposition products, remove the affected person to a source of fresh air and keep calm.  
Provide medical aid.

Skin contact: Not anticipated under recommended usage conditions.

Eye contact: Not anticipated under recommended usage conditions.

Note to physician: Treat according to symptoms (decontamination, vital functions), no known specific antidote.

Material Safety Data Sheet according to EEC-Regulation 91/155/EEC	
Product:	<b>Hydrophilic PES Membrane</b>
Issue Date:	May 1, 2019

### 5. Fire-fighting measures

Suitable extinguishing media:	Water, dry extinguishing media, foam
Specific hazards:	Principal toxicant in the smoke is carbon dioxide, carbon monoxide.
Special protective equipment:	For firefighters: wear suitable breathing equipment, in case of risk of exposure to vapor or fumes.
Further information:	Dispose of fire debris and contaminated extinguishing water in accordance with official regulations.

### 6. Accidental release measures

Suck or sweep up spill. All spill of material must be removed immediately to prevent slipping accidents. Dispose waste in accordance with local or national regulations.

### 7. Handling and storage

Handling:	Product is physiologically inert and non-toxic at normal temperatures.
Storage:	Further information on storage conditions: Protect against moisture.

### 8. Exposure controls and personal protection

Ventilation	Ensure good ventilation or exhaust if there is the possibility of fumes being evolved. Not required if material is used within specified usage parameters.
Fire and Explosion	Not applicable
Personal Protective Equipment	None required if material is used within specified usage parameters. Normal safety equipment should always be used in an industrial environment.
Additional Recommendations	Wear heat-resistant clothing and skin covering when working with hot product. Do not smoke while handling material. Keep tobacco products away from sources of contamination: hands and clothes.
Engineering Controls	Provide local exhaust to control large quantities of dust. All heated processing equipment must be vented safely to prevent the inhalation of thermal decomposition products.
Other Exposure Limits for Potential Decomposition Products	Not available

Material Safety Data Sheet according to EEC-Regulation 91/155/EEC

Product: **Hydrophilic PES Membrane**

Issue Date: May 1, 2019

### 9. Physical and chemical properties

Form: solid  
Colour: white  
Odour: odourless  
Melting temperature: 195 – 208 °C  
Ignition temperature: n/a

### 10. Stability and reactivity

Chemical Stability: Stable.  
Incompatibilities/Reacts: Can be dissolved in chloroform, acetone  
Hazardous Decomposition Products: n/a  
Hazardous Polymerization: Will not occur

### 11. Toxicological information

General: No potential health hazards when used within processing guidelines.  
Toxicity of Product: Non-toxic when used within recommended guidelines  
Other Data: None

### 12. Ecological information

The product is not considered dangerous for the environment.  
Biodegradation: This substance is slowly biodegradable  
Bioaccumulation potential: Potential bioaccumulation of the product in environment is very low.

### 13. Disposal considerations

Waste of disposal must be according to local regulations. May be used as fuel in suitable designed installations. Do not discharge the product into the environment.

### 14. Transport information

Not restricted for transport (ADR/RID, IMDG or ICAO/ATA)

### 15. Regulatory information

Not applicable

Material Safety Data Sheet according to EEC-Regulation 91/155/EEC

Product: **Hydrophilic PES Membrane**

Issue Date: May 1, 2019

### 16. Other information

The information contained herein is based on the present state of our knowledge and does not therefore guarantee certain properties. Recipients of our product must take responsibility for observing existing laws and regulations. To the best of our knowledge, the information contained herein is accurate. However, neither TPP nor any other supplier of TPP products assumes any liability what so ever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that this is the entire list of possible endangering that might arise.

In the course of product improvement TPP reserves the right to change the raw material without further notice. The Material Safety Data Sheet will be provided upon request.
